

Company Overview:

Rotoliptic Technologies Inc (RTI) is an R&D startup company located in Squamish, BC (40 minutes from Vancouver) that conducts leading innovative work on a revolutionary and proprietary new pump technology. Our technology integrates a Rotoliptic pumping architecture, with superior benefits over incumbent technologies including power, efficiency, and durability. Our company culture is one of fun, focused work, and community.

Ongoing hiring:

Please send a resume if you are interested in working with us, while we do not have a posting open currently, we are always keen to connect with amazing people!

Company required skillset:

- Comfort working in an R&D environment with a team of Engineers
- Desire to learn, proven track record of taking initiative
- Desire to be involved in an organization at an early stage and contribute to shaping the company

Rotoliptic needs talented people who are interested in building value, pushing boundaries, and contributing positively to its fast paced, fun, and rewarding team environment. If you feel that your background could be an asset to Rotoliptic, please forward your resume and covering letter, detailing your relevant skillset and experience, to info@rotoliptic.com.
